

Joint Information Center - JIC Release No. 593
March 6, 2021, 6:20 p.m. (ChST)

Results: One of 269 Tests Positive for COVID-19;
COVID-19 Mass Vaccination Clinics Scheduled to Resume March 8-13 at UOG Fieldhouse;
SNAP Supplemental Emergency Allotment Issuances for March 2021

Results: One New Case of COVID-19

One (1) new case of COVID-19 was identified out of **269** tests performed on Friday, March 5.

To date, there have been a total of **7,749** officially reported cases of COVID-19 with **133** deaths, **26** cases in active isolation, and **7,590** not in active isolation.

TODAY'S CAR SCORE¹	0.1
--------------------------------------	------------

¹The COVID Area Risk (CAR) Score will be recalculated once reports from all participating labs are up to date. The CAR Score accounts for the incidence of new cases, how well current testing identifies these cases, and the rate of spread. The ideal long-term goal is to sustain a CAR Score of 2.5 or less, which has been shown to correlate with very low to zero COVID-related hospitalizations and deaths.

The following tables provide COVID-19 test results reported to the JIC on Saturday, March 6, and reflects results from Friday, March 5:

COVID-19 CASE COUNT	TOTAL	NEW CASES REPORTED TODAY	PAST 7 DAYS

Upon arrival, individuals 70 years and older will be sent to the front of the line.			

COVID-19 Mass Vaccination Clinics Scheduled to Resume March 8-13 at UOG Fieldhouse

In anticipation of vaccine shipment arriving this week, COVID-19 mass vaccination clinics are scheduled to resume Monday, March 8 to Saturday, March 13, 2021, at the UOG Fieldhouse. Clinics are scheduled from 10 a.m. to 5:30 p.m. and will only accept those due for their second dose of the Pfizer-BioNTech or Moderna vaccine. Eligible residents are advised to schedule an appointment online via Eventbrite at the link provided above or click [here](#).

If scheduling an appointment is not possible, walk-ins will be accepted at a limited rate of 15 per hour. Walk-ins wishing to avoid longer wait times are discouraged from lining up prior to the 10 a.m. opening, and are asked to expect reasonable delays.

No first doses of either vaccine will be administered. Clinics administering first doses are scheduled to start Tuesday, March 16.

Upon arrival, individuals 70 years and older will be sent to the front of the line. Please bring a digital or hard copy appointment confirmation, a photo ID, and proof of Guam residency (Guam Driver's License, Guam ID, Green Card, US or FSM Passport, H1B or H2B visas for skilled workers). Those due for their second dose are reminded to bring their COVID-19 immunization card. This ensures quicker processing and proper documentation.

Short-term deferral of the second dose will not decrease the effectiveness of the COVID-19 vaccine, nor will affected individuals be required to restart the vaccination series. According to the [U.S. Centers for Disease Control and Prevention \(CDC\)](#), the second dose should be administered as close to the recommended interval as possible. The CDC further states that if it

is not feasible to adhere to the recommended interval and a delay in vaccination is unavoidable, the second dose of Pfizer-BioNTech and Moderna COVID-19 vaccines may be administered up to 6 weeks (42 days) after the first dose.

SNAP Supplemental Emergency Allotment Issuances for March 2021

DPHSS announces that the Supplemental Nutrition Assistance Program (SNAP) Supplemental Emergency Allotment for the month of March 2021 will be released on March 26, 2021. These benefits will be electronically loaded into the SNAP recipients' EBT cards.

The law authorized the issuance of emergency supplemental benefits to households receiving SNAP up to the maximum allowable SNAP monthly benefit for a household's size. Calculation is based on the number of eligible household members. Households that have already received the maximum benefit for their household's size will not receive an additional emergency allotment. For more information, please contact the numbers below:
